

NOTICE OF FILING

BLUFFER'S PARK SOUTHWEST HEADLAND AND BEACH MAJOR MAINTENANCE PROJECT CITY OF TORONTO

Toronto and Region Conservation Authority (TRCA) has prepared the Class Environmental Assessment (EA) Project Plan for the Bluffer's Park Southwest Headland and Beach Major Maintenance Project. The Project Plan has been prepared in accordance with Conservation Ontario's *Class Environmental Assessment for Remedial Flood and Erosion Control Projects* (amended 2013), the approved process for this type of undertaking.

As outlined in the Project Plan, the results of the evaluation of alternatives led to the identification of Option 1C – Repair Headland, and Option 2C – Cobble Beach with Option Shoal, as the preferred alternatives for the headland and beach respectively. The selected alternatives meet all project objectives to provide long term, low maintenance protection in order to protect members of the public from hazards associated with the failing headland and eroding beach in Bluffer's Park.

Interested persons are invited to review the Project Plan and provide written comments within thirty (30) calendar days from the date of this notice. The Project Plan is available for review electronically by following the link below or contacting the TRCA Project Manager:

<https://trca.ca/conservation/erosion-risk-management/restore/bluffers-park-major-maintenance/>

Hard copies of the Project Plan are also available at the following locations for the duration of the 30 day review period:

Toronto and Region Conservation Authority
Head Office - 101 Exchange Avenue
Vaughan, Ontario
Mon to Fri 8:00 am – 4:00 pm

Toronto Public Library – Cliffcrest Library
3017 Kingston Road, Scarborough, Ontario
Tues/Thurs 12:30 pm – 8:30 pm
Wed/Fri 10:00 am – 6:00 pm
Sat 9:00 am – 5:00 pm

Written comments must be received by **June 3, 2018**:

Jet Taylor, Project Manager
Toronto and Region Conservation Authority
Boyd Office – 9755 Canada Company Avenue
Vaughan, Ontario L4H 0A3
Phone: (416) 688-7627
Email: jtaylor@trca.on.ca

Following the 30 day review of this Class EA Project Plan by those who expressed an interest in the project, and the successful resolution of any concerns received during the review period, TRCA intends to finalize the detailed design of the preferred solutions and obtain the necessary approvals to proceed with implementation of the selected alternatives.

If any individual feels that serious environmental concerns remain unresolved after consulting with TRCA, it is their right to request that the project be subject to a Part II Order by the Minister of the Environment and Climate Change. Part II Order requests must be received by the Minister, with a copy provided to TRCA, at the following address by **June 3, 2018**:

The Honourable Chris Ballard
Minister of the Environment and Climate Change
Toronto District Office
11th floor, 77 Wellesley Street West
Toronto, Ontario M4V 1P5
