

NOTICE OF INTENT & COMMUNITY MEETING

YELLOW CREEK NEAR HEATH STREET EAST EROSION CONTROL AND SLOPE STABILIZATION PROJECT CITY OF TORONTO

Toronto and Region Conservation Authority (TRCA) has initiated a study to address ongoing slope instability and erosion issues behind Heath Street East and Heath Crescent, in the City of Toronto. This study area is located in the Vale of Avoca ravine near St. Clair Avenue East and Yonge Street. The purpose of this proposed project is to protect life and property from the hazards of erosion and slope instability.

TRCA is pleased to invite you to attend a Community Liaison Committee (CLC) meeting to discuss a range of preliminary conceptual alternatives which may be considered for this site. You will have the opportunity to speak with project staff, to learn more about the project, and to participate in the planning process. Meeting details are as follows:

Monday, June 25, 2018
7:00 pm to 8:30 pm
Northern District Library
Gwen Liu Meeting Room 200
40 Orchard View Blvd., City of Toronto

This project is being planned in accordance with Conservation Ontario's *Class Environmental Assessment for Remedial Flood and Erosion Control Projects (amended 2013)*, the approved process for this type of undertaking. This process includes public and stakeholder consultation, evaluation of alternatives, and identification of measures to mitigate any adverse impact of the work.

This site has been identified as a priority candidate for erosion control and slope stabilization works through TRCA's Erosion Risk Management Program. If you have any additional inquiries or are interested in receiving further information on this project, please contact the Project Manager by one of the methods below:

Courtney Rennie
Project Manager I, Engineering Projects
Toronto and Region Conservation Authority
9755 Canada Company Avenue, Vaughan, Ontario, L4H 0A3
Phone: (416) 661-6600 Ext. 5523
Email: courtney.rennie@trca.on.ca

Subject to comments received as a result of this study and the receipt of necessary approvals and funding, TRCA intends to proceed with the construction of this project.

Dated: June 8, 2018
