Cliff Lumsdon Park Revetment Major Maintenance Project: Site Restoration

Start Date: Spring 2026

**Timeline is subject to change*

Toronto and Region Conservation Authority (TRCA) recently completed maintenance on erosion control structures along the shoreline of Cliff Lumsdon Park.

Temporary construction fencing will remain installed around the restoration area allow for new grass to establish. Additional restoration as part of this work will begin in Spring 2026, including tree plantings and grass reseeding.

Please stay clear of closed areas to help support the success of these restoration efforts.

Construction Related Information:

Grass reseeding and replacement tree plantings will take place in the spring

The restoration area will be closed for the fall and winter season to support grass growth

We thank you for your continued cooperation and patience throughout the duration of this project.
