

APPENDIX B: LITERATURE REVIEW REFERENCE LIST

Recommend citation: Hill, J. (2026). Appendix B: Literature Review Reference List. In Lam, S., Hill, J., Caglayan, S.D., & Shrestha, N. (Authors), *Western Lake Ontario: Compendium of Coastal Resilience Issues and Typology of Nature-based and Hybrid Solutions*. Toronto and Region Conservation Authority. Toronto, ON.

The following presents the full list of 53 documents that were reviewed to help inform the typology of nature-based and hybrid solutions.

- Aerts, J. C. J. H., Bates, P. D., Botzen, W. J. W., de Bruijn, J., Hall, J. W., van den Hurk, B., Kreibich, H., Merz, B., Muis, S., Mysiak, J., Tate, E., & Berkhout, F. (2024). Exploring the limits and gaps of flood adaptation. *Nature Water*, 2(8), 719–728. <https://doi.org/10.1038/s44221-024-00274-x>
- Akoumianaki, I., & Capet, A. (2020). Models at the Service of Marine Nature-based Solutions. In N. Sang (Ed.), *Modelling Nature-based Solutions: Integrating Computational and Participatory Scenario Modelling for Environmental Management and Planning* (pp. 152–209). Cambridge University Press. <https://doi.org/10.1017/9781108553827.006>
- Barnes, K., Cartwright, L., Portiss, R., Midwood, J., Boston, C., Granados, M., Sciscione, T., Gibson, C., & Obembe, O. (2020). Evaluating the effectiveness of aquatic habitat restoration implemented using the Toronto Aquatic Habitat Restoration Strategy. Toronto and Region Conservation Authority.
- Bilkovic, D. M., Mitchell, M. M., Toft, J. D., & Peyre, M. K. L. (2017). A Primer to Living Shorelines. In *Living Shorelines* (pp. 3–10). CRC Press. <https://doi.org/10.1201/9781315151465-2>
