

Grazing Research Trial

The Meadowway Section 4.1
Thomson Memorial Park
(Lawrence Ave E and Brimley Rd)

A trial of herbivore grazing will be completed over 8 days in The Meadowway Section 4.1 from mid to late September. There will be 13 plots in total, 9 plots for grazing, 3 plots for different types of mowing and 1 control plot. Goats and sheep will be used in equal amounts for each grazing plot.

Project Area: 3.2 acres
